

Minutes
Hamilton County Election Commission
March 27, 2001

Upon call duly made and notice given Chairman Lane called the meeting to order with all members present except for Commissioner Walden.

Chairman Lane called on Mr. Bryan Turner to explain the county's methodology on the Voter Registration System. He assured the Commission and Administrator Jackson that the system would be safe. Commissioner Johnson asked how the Jury selection was done and Mr. Turner explained that every year in July or August the county would get our files and these were used for Jury selection. Commissioner Waller asked if these files could be used to test the data and Mr. Turner said yes they could.

Mr. Turner explained that Firewall is soft ware that runs on a separate computer, but is connected to the same network that the application server is connected to. Rules can be worked out for allowing certain activities or people through.

Chairman Lane call for a recess. The Commission recessed for about 10 minutes.

There being no further business, the meeting was duly and properly adjourned.

Respectfully submitted,

Ida M. Cotter

Chairman Bryan Lane
